Greetings from the Director

Welcome to the City of Naples Fall Program Guide for 2016. I want to thank you for your interest in the programs and services provided by the City's Community Services Department.

As you read through this brochure, I am certain you will be surprised and delighted at the wonderful facilities, programs and activities that are available to the citizens of this community. The Fall program lineup provides multiple educational, social, cultural and athletic activities for participants of all ages.

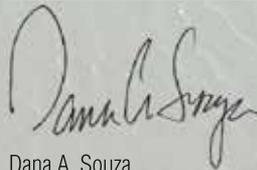

In addition to our structured recreation programs, the City is proud of its well maintained parks, tennis courts, municipal marina, playgrounds, a nature preserve, fishing pier, boat launch facility, numerous beach accesses and a very popular beach park. I hope you will take the opportunity to explore many of our parks and outdoor recreation areas.

If you are looking for an opportunity to stay busy and be part of our wonderful community, I encourage you to explore volunteer positions through the Ambassador Program. The Community Services Department is always looking for energetic volunteers to assist with delivering quality services at the Hedges Family Eco Center at the Naples Preserve, the Norris Center, the River Park Community Center and the Fleischmann Park Community Center. Please call Sue or Dorie at 239-213-7120 about volunteer opportunities that may be a perfect fit for you!

As an update on the City's 2015 initiative to develop a comprehensive citywide parks master plan, I am pleased to inform you that the department and the Community Services Advisory Board will host additional public meetings and discussions this Fall. We want to ensure Naples residents have the opportunity to review our consultant's recommendations and help shape the long-term plans for our park system. Please stay tuned to the City website for meeting announcements (www.naplesgov.com).

I welcome any ideas, concerns or suggestions you may have about the services we deliver for you. Please feel free to call me at 239-213-7120 at your convenience.

Best wishes,

Dana A. Souza

MONDAY, November 21, 2016 “I CENTO PASSI (THE HUNDRED STEPS)”

2000 - 114 minutes This is the true story of Peppino Impastato who rebels against his Mafioso father and against the Sicilian culture of silence. It is a culture which offers an appearance of normalcy, but Peppino knows what evil underlies it; thus, creating an amateur radio station, he and his friends battle against the town's powers. One hundred steps separate his house from that of Baldalamenti, the head Mafioso, but those are steps that Peppino has vowed he will never take.

MONDAY, December 12, 2016, “IL PEGGIOR NATALE DELLA MIA VITA (THE WORST CHRISTMAS OF MY LIFE)”

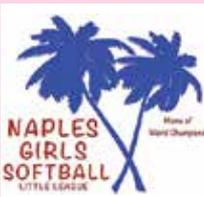

2012 - 93 minutes Delightful – very, very funny! Set in fairy-tale beautiful Val d'Aosta, two families plan to celebrate Christmas in a charming castle, but the craziness soon begins. Grandpa dies, then doesn't, but they have the funeral party anyhow. Paola blunders from one disaster to another. Somehow the baby gets born. All ends well because it is Christmas, and that's the way it should be! American Christmas songs add to the fun.

MONDAY, January 9, 2017, “IL ROSSO E IL BLU”

2012 - 97 minutes Four stories unfold and intertwine in a public school in Rome: an aged professor of art history, cynical and clever, who has lost the meaning of his work; a young teacher on his first job, full of trust and animated by great plans; an impeccable and rule-bound principal who finds himself embroiled with a fourteen year old rascal whose mother seems lost in space; and Adam and Melania who meet, fall in love, and challenge the fate preordained by the adults around them.

MY FAIR LADY
Book & Lyrics by Alan Jay Lerner
Music by Frederick Loewe
directed by Kristen Coury

In the musical adaptation of George Bernard Shaw's *Pygmalion*, Henry Higgins, a pompous linguistics professor, takes a bet to transform Eliza Doolittle, a stubborn flower girl, into the picture of high-society grace. As these two strong-willed characters go head-to-head, both find themselves treading new and unexpected paths. This beloved Tony Award-winning musical will be presented like you've never seen before in this high-energy, truly theatrical 10-person, two-piano version. Did you ever wonder how we'd fit all of Edwardian London on our 20x20foot stage? Join us and find out! Artistic Associate Jeffrey Binder, formerly of Broadway's *Lion King* and *Mary Poppins*, doffs his hat as Henry Higgins and takes us from Covent Garden to Ascot and back in this most thrilling, heart-warming, and lovely of musicals.

Dragonflies and damselflies are indeed Florida’s “flying jewels in the sky.” Identifying them can be challenging, because, just like warblers, coloring may vary with the sex and the age. Learn about the species that visit The Naples Preserve for food and protection.

October 30th - “Will you Walk into my Parlour?”

Bow-legged Bugs, Cuckoo Leaf Cutters, Sharpshooters, Ant Lions, Bee Wolves, Leaf-footed Bugs, Florida Bee Assassins, and the list goes on...

November 13th - “She Sells Sea Shells ...”

Louis DiPerna, Naples Preserve volunteer

Many people who come to the beach bring shells home as a reminder of their visit. Before becoming pretty decorations these shells were the homes of some very interesting sea creatures. Also, sea shells have been part of our culture for centuries. Some of the creatures inside them have been used for food and the shells have been used as tools, weapons, money and religious symbols. During this talk you will learn some of the history of sea shells and about a few of the shelled creatures found in the waters of Southwest Florida.

November 20th - “Frog Calls 101”

Rebecca Speer, Naples Preserve

Find another way to experience and to enjoy our summer nights. Learn to identify Collier County’s frogs and toads by their distinctive calls. Each family will receive a cd of the frog and toad calls.

December 4th - “Turtles of Southwest Florida”

Louis DiPerna, Naples Preserve volunteer

It is believed that turtles have lived on the earth for over 200 million years and today there are about 300 living species. The different species live in deserts, grasslands, lakes, rivers, brackish estuaries and even the open ocean. In this talk you will learn a little about the history of turtles and about the species that inhabit the land and waters of Southwest Florida.

HEDGES ECO CENTER

In the early 1960's, Julius Fleischmann hired architect Don Nick to design what would become a Naples landmark. For many years after its completion, it was the home of the Naples Chamber of Commerce. Abandoned a few years before being purchased by the city, it fell into disrepair. Private donations exceeding \$92,000 were used in the building's restoration.

Today, it is a nature information and education center. It hosts nature talks and summer camps, provides information and brochures about its Partners and is home to the Robert W. Read Memorial Library (non-circulating).

If you have a group that would like to get some community service or volunteers hours, we are always looking for people to assist with the restoration of the Preserve Habitat. Please call 261-4290 for more information

Naples Dog Park

The Naples Dog Park is located on the northeast corner of Goodlette-Frank Road and Central Avenue and includes two separate off-the-leash areas. The South section, composed of approximately 1 acre of fenced area is for large dogs while the North section composed of .35 acres is dedicated to small dogs. Located centrally in the park is a shade structure that includes benches, drinking fountains for humans and dogs, as well as a picnic area. There are approximately 43 parking spaces to the North, a sidewalk connection to the greenway and place for public art. The fencing is adorned with lush landscaping. The off-the-leash areas are a combination of dog friendly mulch and a nice grassy circumference for running.
