## Greetings from the Director

Welcome to the City of Naples Fall 2017 Program Guide. I want to thank you for your interest in the programs and services provided by the City's Community Services Department.

As you read through this brochure, I am certain you will be surprised and delighted at the wonderful facilities, programs and activities that are available to the citizens of this community. The Fall program lineup provides multiple educational, social, cultural and athletic activities for participants of all ages.

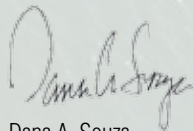

In addition to our structured recreation programs, the City is proud of its well maintained parks, tennis courts, playgrounds, a nature preserve, fishing pier, boat launch facility, numerous beach accesses and a very popular beach park. I hope you will take the opportunity to explore many of our parks and outdoor recreation areas. The City Dock is currently closed for a major replacement project and we anticipate it reopening the end of this year or early 2018. Look for more information in the coming months on the City's website at [www.naplesgov.com](http://www.naplesgov.com).

If you are looking for an opportunity to stay busy and be part of our wonderful community, I encourage you to explore volunteer positions through the Ambassador Program. The Community Services Department is always looking for energetic volunteers to assist with delivering quality services at the Hedges Family Eco Center at the Naples Preserve, the Norris Center, the River Park Community Center and the Fleischmann Park Community Center. Please call 239-213-7120 about volunteer opportunities that may be a perfect fit for you!

As an update on the City's 2015 initiative to develop a comprehensive citywide parks master plan, the department and the Community Services Advisory Board hosted additional public meetings and discussions this past Winter and Spring and will continue with additional meetings in September, October and November. We want to ensure Naples residents have the opportunity to review our consultant's recommendations and help shape the long-term plans for our park system. Please go to the City website for the dates and times of the remaining meetings at: <https://www.naplesgov.com/parksrec/page/naples-parks-master-plan>

I welcome any ideas, concerns or suggestions you may have about the services we deliver for you. Please feel free to call me at 239-213-7120 at your convenience.

Best wishes,

Dana A. Souza  
Director

## HEDGES ECO CENTER

In the early 1960's, Julius Fleischmann hired architect Don Nick to design what would become a Naples landmark. For many years after its completion, it was the home of the Naples Chamber of Commerce. Abandoned a few years before being purchased by the city, it fell into disrepair. Private donations exceeding \$92,000 were used in the building's restoration.

Today, it is a nature information and education center. It hosts nature talks and summer camps, provides information and brochures about its Partners and is home to the Robert W. Read Memorial Library (non-circulating).

If you have a group that would like to get some community service or volunteers hours, we are always looking for people to assist with the restoration of the Preserve Habitat. Please call 261-4290 for more information
