42. FAILURE TO DELIVER: In the event of the contractor to fail to deliver services in accordance with the contract terms and conditions, the City, after due oral or written notice, may procure the services from other sources and hold the contractor responsible for any resulting purchase and administrative costs. The contractor further understands and agrees that the City may require services in excess of the estimated annual contract amount and that the quantity actually used whether in excess of, or less than, the estimated annual contract amount and that the quantity actually used

shall not give rise to any claim for compensation other than the total of the unit prices in the contract for the quantity actually used.

51. TERMINATION FOR CONVENIENCE: The performance of work under the contract may be terminated by the City in whole or in part whenever the City determines that termination is in the City's best interest. SCOPE OF SERVICES

The following Request for Proposals (RFP) has been developed to solicit information from consulting firm proven to be qualified and experienced to complete the survey, design and engineering for the subject project in a timely and proficient manner. The Federal Department of Housing and Urban Development (HUD) under their CDBG Entitlement program has allocated funding to the City of Naples. This funding supports sidewalk improvements within the limits of the target area in the River Park community on the north side of 5th Ave – N between Goodlette Road and Anthony Park. **NOTE: this project is funded through the US. Department of Housing and Urban Development, and all aspect of the project must conform to US HUD standards and requirements include Section 3 Certification.**

BACKGROUND

On April 6, 2016 under Resolution 16-13773, Council approved a CDBG application for sidewalk improvements along the north side of 5th Avenue North between Goodlette-Frank Road and Anthony Park. This project will provide long-term economic benefits and assist in neighborhood stabilization as well as increase pedestrian mobility and connectivity within the community. In response to a community needs assessment meeting held at the River Park Community Center on February 4, 2016, the proposed sidewalk project was identified by River Park residents as a priority project.

Grant funding is administered by Collier County. Collier County passes grant funding from the Federal Government through to the City, but requires an annual application. This project supports the low-income target area (Naples U.S. Census Tract 7). This project supports the CDBG Entitlement communities' objective as authorized under Title 1 of the Housing and Community Development Act of 1974 by assisting in "revitalizing neighborhoods through providing improved community facilities." Specifically, the project is to support sidewalk improvements (construction and survey / design / engineering) within the limits of the low-income target area within the River Park community.
