SPECIFICATIONS

The following specifications shall be followed for completing the painting of eight (potentially up to 16 total) steel well houses located in Golden Gate Estates.

- Will sandblast areas that are rusted and have loose paint with an industrial machine using a profile XL soda blast media with aluminum oxide, which is environmentally friendly, formulated with 20% aluminum oxide to strip rust and paint without using chemicals and without damaging metal.
- Any loose paint, rust or debris not removed with sandblasting, will be removed with hand tool (wire brush or grinder). Due to multiple coats of paint, where paint is peeling, edges will be sanded to blend into the surface.
- Vendor will clean and apply one (1) coat of Protective & Marine Coatings, Macropoxy 646 PW, Potable Water Epoxy, Part A SW B58WX610 Series and Part B SW B58VX600 Hardener, a high solids, high build, fast drying, polyamide epoxy. The high solids content ensures adequate adhesion and protection.
- Vendor will top coat with Protective & Marine Coatings Acroton 218 HS Acrylic Polyurethane, Part A SW B65W00611 Gloss Series and Part B SW B65V00600 Hardener, a low VOC.
- The floor of each facility shall be included.

ADDITIONAL REQUIREMENTS

- Anything not being painted shall be properly protected or masked in a professional manner with drop clothes and plastic.
- Upon the completion of each work day, contractor will remove all debris, material, equipment, etc. and will leave the premises clean and safe.
- No extra work will be done without a written work order from the Owner.
- Vendor shall provide a manufacturer warranty of 10 year's labor and material.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued).
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the

withholding tax on foreign partners' share of effectively connected income, and

4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.
